The acclaimed, long-standing Encyclopedia of Associations series provides detailed information on organizations around the world. Encyclopedia of Associations: International Organizations covers multinational and national organizations from Afghanistan to Zimbabwe, including U.S.-based organizations with a binational or multinational membership. Each annual edition of this venerable resource features more than 29,000 membership organizations. Multiple editions are available by standing order, ensuring access to the most up-to-date information as well as historical data.

Encyclopedia of Associations: International Organizations is the only comprehensive source for detailed information on membership organizations around the globe. Each entry features a range of valuable data, typically including the organization’s complete contact information, including names of directors and executive officers; e-mail and Web site addresses; description of the organization’s history, governance, staff, budget, affiliations, goals, activities and much more.

Real-world users might include:
- Cross-search Encyclopedia of Associations: International Organizations with Encyclopedia of Associations: National Organizations of the U.S. and Encyclopedia of Associations: Regional, State, and Local Organizations to instantly generate a list of animal rights organizations across the globe, including complete contact information, Web sites and more
- Market a new small business product or service by connecting with Chambers of Commerce; cross-search national with regional organizations to easily create a mailing list of more than 3,000 groups across the U.S.
- And much more

ABOUT GALE DIRECTORY LIBRARY
With Gale Directory Library, researchers can use state-of-the-art functionality to perform a range of data sorting, filtering and exporting. These innovative features, unlike anything seen previously from our directories, make Gale Directory Library the essential tool for research.

- Find contacts — Finding a company, person, publication (or other kind of entity) is easy. Basic search lets users quickly look up names, search by keyword, and browse the full text of your directory holdings.
- Generate lists, analyze trends — Export search results and use them in programs like Excel or Word, making the creation of mailing lists a snap.
- Cross-searchable — Search across our growing number of directory titles. Each directory can be searched individually by its own unique data fields, or search the entire directory collection.

Additional benefits of Gale Directory Library:
- Use it like a database; buy and own it like a book collection
- State-of-the-art search, sort and export features
- Available 24/7 from any Internet-connected computer
- Choose the directory titles you want, and own the data
- Print, e-mail or download individual entries
- Entries include hot-linked Web sites and e-mail addresses (when available)
- Export results to analyze data or generate mailing lists
- Includes more data than print version, when appropriate
- Marked items lists let you select entries to generate custom results
- Available backfiles provide historical data
- Growing list of available directories
