

Environmental Studies

Resources for students from Greenhaven Press® and Lucent Books®

NEW TITLES! **FULL COLOR!** Environmental issues make newspaper headlines daily. As awareness of these issues spreads, students are increasingly seeking current, factual, unbiased information on the range of environmental concerns, from habitat conservation and recycling to alternative fuel sources and global warming. Designed specifically for student researchers, these engaging references provide detailed yet accessible information on a wide variety of environmental topics, supporting critical thinking skills and enhancing global understanding.

Volumes typically include:

- Table of contents
- Timeline of important dates
- Introduction
- Four to seven chapters with illustrations (photographs, charts, tables, etc.)
- Sidebars highlighting personalities, events or commentary relevant to chapter topics
- For More Information — an annotated bibliography of age-appropriate resources, including Web sites
- End notes, glossary and index
- Select titles also available in digital eBook format.

Partnership for 21st Century Skills

Gale is a member of the Partnership for 21st Century Skills, a leading national advocacy organization focused on infusing 21st century skills into education. The Partnership brings together the business community, education leaders and policymakers to define a powerful vision for 21st century education to ensure each child's success as a 21st century citizen and worker. The Partnership and Gale encourage schools, districts and states to advocate 21st century skills and provide tools and resources that help facilitate and drive change.
