Address students’ growing needs

From the emerging green-collar economy to enduring questions of climate change, environmental issues are shaping the future across the United States and around the world.

For students and educators motivated by a cutting-edge approach to environmental and sustainability topics, Gale delivers GREENR – an authoritative, intuitive resource that combines news, unique commentary, audio, video, primary source documents, images, conference reports, statistics and more into a Web-like experience.

Updated daily, GREENR meets student and faculty needs with:

**Resources** suitable for secondary school assignments, including AP- and IB-level coursework in science, history, social studies and more

**Support** for individual or class-wide environmental projects and student-activism efforts

**Intuitive navigation** that engages novice and expert users alike

**Customizable homepage** including personalized logins that “remember” users’ preferences

---

**An interdisciplinary portal supporting the secondary curriculum**

Browse Issues and Topics: Hundreds of selections are logically categorized to facilitate search success

Featured Video: New videos posted weekly

Customizable World News: Users can choose sources most relevant to them
GREENR (Global Reference on the Environment, Energy, and Natural Resources) brings a balanced assortment of multimedia that delivers:

The content that empowers users

- Hundreds of English-language international newspapers, magazines and refereed journals, more than 90% full-text
- Recognized sources of videos, podcasts and images, updated daily
- Information that can help students assess future education and career paths
- A variety of search and browse options

The technology that gets results

- Interactive maps that facilitate browsing by country or topic
- Sharing capabilities via social networking sites
- Customizable news and journals on the homepage to accommodate specific search needs

The portals to greater understanding

- Country portals covering more than 160 nations
- Topic/Issue portals in more than 150 categories, from animal welfare to wind energy
- Organization portals providing overviews and links to international associations
