

Hot Topics

New Titles from Lucent Books®

Take Hot Topics to the next level

Lucent Books®'s *Hot Topics* appeals to middle and high school students. Current headlines remind students that new *Pandemics* could arrive in their yard at any time. And walking down their halls is a reminder that their classmates are part of *Overweight America*. The immediate relevancy of these *Hot Topics* and many others make this colorful new series prime material for student research.

Supporting multidisciplinary studies, the titles in *Hot Topics* objectively explore important political, social, cultural, economic, moral, historical and environmental issues. From *Student's Rights* and *Gay Rights* to *Biological Warfare*, every book in the colorful series inspires critical thought.

Meaning is fleshed out through a clear presentation of context. Arguments are situated historically and a spectrum of issues concerning the topic is presented. The clear narrative includes compelling examples and is enlivened by pertinent quotes from age-appropriate sources.

Consistent with the tone and subject matter of Greenhaven Press®'s *Introducing Issues with Opposing Viewpoints* series, *Hot Topics* offers a solid new breed of high-quality, issues-oriented titles.

Grades 7-10

New Hot Topics Titles from Lucent Books®

Hot Topics adds depth to middle and high school student thought on the most current issues of the day. Each title provides a thorough and carefully balanced presentation of the many issues surrounding each topic. Visually appealing presentations filled with colorful examples provide context and enable students to gain a clear understanding of issues that affect them, their peers and their community.
