

“Now we have the genuine blockbuster ... [H]efty volumes of a true encyclopedia of psychoanalysis ... [A] monumental contribution to the analytic literature.”

– *International Journal of Psychoanalysis* (2003; on the original French edition)

International Dictionary of Psychoanalysis

To understand the underpinnings of the field of psychoanalysis is to shed light on the Western world's perception of itself through the 20th century.

Now, one of the classic works of the field — the *International Dictionary of Psychoanalysis* — is published in its first English translation.

This three-volume work, published by Macmillan Reference USA™, expands upon the acclaimed 2002 French edition. With more than 1,500 entries written by 460 authors, this resource is the most extensive reference work published on the history and practice of psychoanalysis in Europe, America and the rest of the world.

ACCESSIBLE, GLOBALLY INFORMED SCHOLARSHIP

Edited by Alain de Mijolla, founder and president of the International Association for the History of Psychoanalysis, the *International Dictionary of Psychoanalysis* assembles the scholarship of contributors from around the world, including some of the pre-eminent names in the field.

The result is a premier reference product that offers a global perspective. Authoritative, non-partisan coverage reflects a wide range of ideological positions — Freudians, Jungians, Lacanians and Kleinians — as well as clinical practitioners and academic historians.

And with a variety of disciplines covered — from literature and sociology to philosophy and psychology — this work appeals to a wide readership, from general reader to academic or professional user.

WIDE-RANGING COVERAGE

Among the more than 1,500 alphabetically arranged articles are topics such as:

- Abraham, Karl
- Acute Psychoses
- American Academy of Psychoanalysis
- Amphimixia/Amphimixis
- Berliner Psychoanalytisches Institut
- Bonaparte, Marie Leon
- Cinema and Psychoanalysis
- Counterphobic
- Criminology and Psychoanalysis
- Dipsomania
- *Hamlet and Oedipus*
- Hogarth Press
- International Federation of Psychoanalytic Societies
- Music and Psychoanalysis
- Narcissistic Elation
- *The Psycho-Analysis of Children*
- *The Violence of Interpretation: From Pictogram to Statement*
- Transference Depression

“In July 1914 Sigmund Freud was more preoccupied with Carl Gustav Jung’s resignation (‘Finally, we are rid of Jung, that crazy brute, and his acolytes!’ he wrote to Karl Abraham on July 26) than the war that Austria ... had declared against Serbia.”

– from “*First World War: The Effect on the Development of Psychoanalysis*,”
International Dictionary of Psychoanalysis

“The sheer number of authors and the scope of their starting-points, ... help us to avoid any sort of monolithic thinking, and beckon the reader to go beyond his or her reading of these dictionary entries with research that deepens their insight.”

– *Alain de Mijolla, editor,*
International Dictionary of Psychoanalysis
